

LA TROBE
UNIVERSITY

Did you have a parent in prison when you were a child?

I am looking for people (18 years +) who experienced parental imprisonment to take part in an anonymous study. The aim of this doctoral research is to better understand the disadvantages faced by Australian children with imprisoned parents. It is hoped the research will lead to better services in this area. Participants are asked to fill out a short questionnaire and to participate in a 1-hour interview at a convenient place and time. You will be asked about your interactions and experiences at school, with the criminal justice system and the community. If you are interested or if you know of someone who might be interested, then please make contact with me, Tasha Graham, via the email below. Participants will receive a \$30 gift card for their time. The La Trobe University Human Ethics Committee has approved this project.
